FOR IMMEDIATE RELEASE

European Pride in Aviation Network (EPAN) Launches - Uniting LGBTQIA+ Aviation Community Around Europe and Beyond

Leipzig, Germany - The European Pride in Aviation Network (EPAN) is proud to announce the launch of its membership program. EPAN is dedicated to promoting diversity and inclusion in the aviation industry supporting, on one side, its members and community, and on the other side, the entire aviation industry. EPAN is the proud international partner of the US organisation NGPA, founded in 1990 and welcoming over 4500 members.

EPAN offers various benefits to its members, including a social community, safe space, networking opportunities, professional mentoring and resilience development, events around Europe, and industry discounts. Members have the option of basic and lifetime membership options, and for the first year, new members may decide to join as kick-off supporters. All member fees are considered as donations and go directly to supporting EPAN in its mission.

Being a member of EPAN not only helps to support the organization's mission but also provides a valuable opportunity for individuals and organizations to connect and grow.

"We are beyond excited to officially launch this organisation and get to work uniting the industry. We are committed to creating a safe, inclusive and welcoming environment for everyone who identifies as LGBTQIA+ in the aviation industry and rely on allies to stand alongside us in our mission." said EPAN President, Zac Brown. "By bringing together members of the community and industry, we can promote inclusion and diversity in aviation, support each other as we work towards our goals, and make aviation a happier and safer place."

Additionally, EPAN is soon launching various industry membership and partnership options as well as sponsorship possibilities. The organization works closely with airlines, flight schools and aviation companies around Europe to promote diversity and inclusion and fight against discrimination. EPAN supports these companies and provides guidance on various relevant topics.

EPAN invites all members of the LGBTQIA+ aviation community and allies to join, support and be part of this exciting organization. To learn more about EPAN and how to become a member, visit the website at www.prideinaviation.org
